

RCF MG-80 megaphone

Speaker with high directivity and efficiency for intelligible speech reproduction.

Musical power/RMS: 38/25W

Sound pressure level at musical power: 122 dB/1 m

Angle of dispersion related to speech intelligibility: (HxV) 60°x50°

Sturdy IP 66 double insulation construction for temperatures between -25°C and +70°C

Approximated range 500 m

Acoustical Specifications:

Frequency Response -3 dB: 500 Hz ÷ 9 kHz

Horizontal coverage angle: 60°

Vertical coverage angle: 50°

Input/Output Section Mic. Input Sensitivity: - 37

Processor Section Controls: Volume control, ON/OFF switch

Amplifier Specifications Total power: 10 W

Cabinet Material: Body in UV stabilised self-extinguishing ABS

Hardware: Round Handles: Grip Colour: Grey

Physical Specifications:

Height: 230 / 9.05 mm/inch

Width: 230 / 9.05 mm/inch

Depth: 370 / 15.56 mm/inch

Net Weight: 1.52 / 3.35 kg/lbs

Shipping information:

Package height: 250 / 9.84 mm/inch

Package width: 250 / 9.84 mm/inch

Package depth: 410 / 16.14 mm/inch

Shipping weight: 2.18 / 4.8 kg/lbs
